YOUR NAVY IN HAWAII

WELCOME TO HAWAII, THE ALOHA STATE

You have orders to Hawaii, a lush, green tropical paradise with beautiful year-round climate, warm ocean waters, sandy beaches, mountains, forests, and parks. Chances are that you are coming to O'ahu, home of Honolulu, Waikiki Beach, and three-fourths of Hawaii's 1.1 million residents.

This book is a joint effort of the armed forces stationed on Hawaii, designed to provide you with the information you need to know prior to and after you arrive on island that will help make your transfer and stay here as pleasant and smooth as possible.

While the first chapter is unique to what Navy people need to know, much of the information found in the guide deals with topics that affect all military personnel, such as housing, animal quarantine, schools and education, family services and recreation.

The key to a successful transition is communication and your sponsor. However, reading this publication and taking time to familiarize yourself with all the services and facilities available to you will better prepare you for your move.

Welcome to Hawaii and may your tour of duty here be a rewarding one.

A Brief History Of Pearl Harbor

When the British explorer Captain James Cook discovered the Hawaiian Islands in 1778, Pearl Harbor was known as Pu'uloa. Wai Momi or "water of pearl" was adopted later, due to the abundance of pearl oysters that grew in its waters.

In those early days, Pearl Harbor was not considered suitable as a port because a coral bar blocked its entrance to all but shallow draft vessels. It was not until 1840 when a farsighted Navy Lieutenant named Charles Wilkes calculated that by blasting out the obstruction, even the largest ships of the day could enter the harbor freely.

Almost from the time of its first discovery by the West, foreign nations of many flags sought to obtain the islands as a fueling and supply base. But in 1884, the Hawaiian monarchy finally granted exclusive landing rights to the United States in exchange for

allowing Hawaiian sugar to enter the U.S. duty-free.

Clearing the coral bar was to be delayed for nearly 20 years until the Spanish-Ameri-

can War confirmed the strategic value of Pearl Harbor as a naval base. In 1902, the entrance to the inlet was dredged to a depth of 35 feet. Six years later, serious development of Pearl Harbor began with the construction of work shops, Dry Dock No. 1, and the dredging of the channel.

By 1916, Pearl Harbor ranked 10th among the Navy's growing bases. Headquarters for the 14th Naval District was established that same year; and three years later, a \$27 million construction program was started. Activity at Pearl Harbor reached an all-time peak during World War II, when the civilian work force at the shipyard topped 26,000.

Today's Navy in Hawaii

Pearl Harbor is the U.S. Navy's largest and most strategic island base in the Pacific. It extends over more than 12,000 acres of land and water and serves as the host for the headquarters of seven major navy commands, including the Commander-in-Chief, U.S. Pacific Fleet. Commander, Navy Region Hawaii is the regional coordinator for all shore-based naval personnel and shore activities in Hawaii - as well as being the Navy's representative to the Hawaii community.

Today, the Navy has grown into a major Fleet concentration area for more than 15,000 Sailors and 10,000 civilian employees working in more than 60 commands located on O'ahu and Kaua'i. Additionally, just over 20,000 active duty Navy family members reside in the State of Hawaii. The

■ BOQ at Naval Station Pearl Harbor.

Navy has the largest military presence in Hawaii and contributes over a billion dollars annually to the economy and another billion dollars in Sailor and civilian annual payrolls.

BEFORE ARRIVAL

Sponsors

You've got orders to Hawaii. What next? Commands are required to assign you a sponsor in order to ease the problems associated with your move. The key to a smooth transition is your sponsor, who in turn can help arrange your TLA accommodations, provide transportation from the airport, check you in to your new command and provide you with general information about the community and on-station facilities well in advance of your move. Ensure you contact your sponsor as soon as possible before leaving for Hawaii. Other sources of information include your local Fleet and Family Support Center at your current command or the Standard Installation Topic Exchange System (SITES) at <http://www.dmdc.osd.mil/sites>. The official

Navy website for Navy Region Hawaii is <http://www.hawaii.navy.mil>.

Hotel Reservations

It is advisable to make reservations well in advance. Your sponsor can help you,

although you will be required to finalize your reservation with the hotel of your choice. Hotel accommodations are usually plentiful except during the high tourist seasons (December-March and May-August), so make your reservations early. Accommodations

■ P.S.D. at Pearl Harbor.

■ Birdseye view of Pearl Harbor.

must be Temporary Lodging Allowance (TLA) approved.

Temporary Lodging Allowance

TLA is an allowance to help offset the cost of living in hotels during your PCS move. TLA is based on the per diem rate and paid in ten-day increments. TLA is not paid in advance, but is paid after filing a completed claim with receipts and endorsements. It's advisable to have at least \$1,500 in traveler's checks to meet immediate off-base living expenses. TLA is authorized for all command sponsored military personnel arriving on Permanent Change of Station orders pending availability of government housing, or pending completion of permanent living arrangements. TLA commences the date your PCS orders are endorsed as having reported aboard. It is imperative that you have your orders endorsed with the time and

date reported as soon as possible after arriving on island. You will not be reimbursed for any days of temporary lodging prior to the report date endorsed on your orders. The TLA Clerk, located in the PSD Receipts Section processes TLA, phone 471-2405.

Advance Application for Housing

You can make your initial appointment with the housing office as far as 30 days in advance of your arrival on the island. This initial appointment can be made by you or by your sponsor. To reach the Housing Office assignment receptionist, call (808) 474-1800, (808) 474-1903 or (808) 474-1904 (for DSN access, dial 315 rather than 808). Upon checking in to PSD, your Receipts Clerk from your command will provide you with a copy of your PCS Orders showing the time and date you reported, a copy of your detaching endorsement show-

ing when you detached your last command and a copy of your Page 2. You will need these documents to check in to the Navy Family Housing Office.

Shipment of Household Goods

Accompanied members are authorized to ship their full weight allowance, but should be advised that homes in Hawaii, both on and off base, are small compared to the Mainland. In other words, you may not have enough space for all your belongings. You are advised to leave personally owned ranges and refrigerators, oversized pieces of furniture, extra furniture and cold weather clothing and equipment in storage on the mainland.

Large Appliances

All Navy Housing units are equipped with a refrigerator, range, washer and dryer. However, Navy personnel E-4 and below

who are living in Marine Corps housing are not entitled to a washer and dryer. The Navy Housing Office will still try to provide you with a washer and dryer as supplies last. Ranges and refrigerators are provided for use on base and in private rental housing when not provided by the landlord as part of the rental agreement. Consider bringing lawn care equipment such as lawn mowers and weed eaters, etc. These items are available for use to family housing residents through self-help stores, but may not be available at the time you want them.

Express Shipment

You are authorized an unaccompanied baggage shipment (often called an express shipment). This shipment should be limited to clothing, linens, dishes, towels, cooking utensils and other house keeping items. You may also ship cribs, playpens, baby carriages and articles necessary for the immediate care of your children. Small radios, portable televisions, sewing machines and small appliances may also be shipped.

Automobile shipments

Each service member is authorized to ship one privately owned vehicle at government expense. Check with your current Household Goods Officer for current information regarding shipping times and locations. You must have permission from the lien holder to transport the vehicle to Hawaii. If the vehicle is co-registered, you must also show that person's permission to ship the vehicle. If you are shipping a privately owned vehicle (POV) it will require approximately 60 days from the east coast or 21 days from the west coast to reach O'ahu. All personal vehicles must be safety inspected and registered within 10 day after arrival on the island.

UPON ARRIVAL

Airport

All flights lead to the Honolulu International Airport located about two miles south-east of Naval Station Pearl Harbor's main gate. The airport is 9 miles (14.4 km) west of Waikiki Beach and 4 miles (6.4 km) west of central Honolulu. Travel time to Waikiki is approximately 15-20 minutes by car during non-rush hour. Your sponsor will most likely be the one greeting you at the airport and will

help you get settled into your initial accommodations. If you are not met by anyone at the airport and require lodging, you should contact your respective Command Duty Officer or go to the USO at the airport.

Pet Arrival

Pets may only enter Hawaii at the Honolulu International Airport, O'ahu. Upon arrival in Hawaii, airline personnel will transport all dogs and cats directly to the Airport Animal Holding Facility. Your pet will be received by a State of Hawaii inspector and then transported to the Animal Quarantine Station located at Halawa. You do not have to be present when your pet arrives, although you will be allowed to look in on your animals before they are transported to the Quarantine Station if your pet arrives at the airport during normal working hours. The State will provide all necessary transportation for your pet during the quarantine period. The number to the holding station is (808) 837-8092. For more information on pets, see the Animal Quarantine chapter.

United Serviceman's Organization (USO)

The USO is located at the Honolulu International Airport.

The center is open for 22 hours, Monday through Friday from 8:00 a.m. to 6:00 a.m., the next day. Saturday and Sunday open for 16 hours from 8:00 a.m. to midnight. It is conveniently located on the ground level of the international terminal in the baggage claim area between Baggage Claims E and F.

The center's small staff and volunteers assist military personnel and their families who transit Hawaii. They help them cope with travel related emergencies, including contacts with military service activities, and provide a comfortable place for travelers awaiting flights or other transportation.

Available within the center is a TV and VCR, a snack bar, limited sleeping accommodations, a shower and restroom, child's crib, as well as books and magazines. Also available is the best cup of coffee in town and delicious cookies from local bakeries. In addition to the comforts of home, Army liaisons are located within the center to assist soldiers arriving for

duty to Schofield Barracks Hawaii. Phone: 836-3351, Fax: 833-2012, E-mail: USOHAWAII@juno.com

Get your Orders Stamped

Contact your respective command to find out where you must go to get your orders stamped so you can start the clock for TLA and cost of living allowance entitlement. Refer to the end of this chapter for a listing of Navy commands and contact numbers.

Shore duty - Report directly to your command. If after 4 p.m. and you do not know how to contact the duty section, report to the Naval Station Pearl Harbor Quarterdeck, Building 150, phone 473-1222.

Ships or other deployable units - Report directly to the unit. If the unit is deployed or underway, report as follows:

Surface ships: Report to Transit Personnel Unit (TPU), building 1753, Naval Station Pearl Harbor for further transfer or to await ship's arrival, phone: 473-0065.

Submarines: Report to Submarine Squadron Pass Liaison Representative (PLR) Office located in building 661, phone: 473-2718. If after 4 p.m., report to Naval Station Pearl Harbor Quarterdeck, Building 150, phone 473-1222.

Aviation squadrons: (VP/HS): Contact Marine Corps Base Hawaii, Kane'ohe Bay at COMM: (808)-257-0593 extension 7024, or DSN 454-0593 extension 7024.

Transportation From the Airport

O'ahu has an excellent public transportation system, appropriately named "The Bus", which should serve most of your needs if you do not have a rental vehicle. Fees are \$1.50 for adults, \$.75 for children and students (up to high school). You can buy a four-day O'ahu Discovery Passport (Available at all ABC Stores in Waikiki only) for \$15. For more information about bus routes and schedules around the island, call (808) 848-5555, 5:30 a.m. to 10 p.m. seven days a week, including holidays.

The taxi fare from the airport to Waikiki during the non-rush hour period will cost approximately \$25.00-\$30.00. Airport Express (1-800-958-8338) offers a flat rate fee of \$24 (up to four people in a sedan) or \$29.00 (up to 5-6 people) and this includes the bags.

Rental Cars

SATO Travel office also has cooperative agreements with local commercial car rental agencies. Prices range from \$28 to \$58. For current information, call your local SATO Travel office or call the Pearl Harbor office at (808) 422-2566. The minimum renter age for both is 21 years.

Checking In Your Records

Your first day on the job should be focused on turning in your service records. This starts the process of pay and entitlements. You will need to update your Page 2 and turn in your travel claim. Your receipt clerk will assist you in filling out these documents. The Personal Support Detachment business hours are 0730 - 1500, Monday through Friday (ID Cards are open until 1600). The Detachment is located at 650 Center Drive off of Kamehameha Hwy (see location on map). For further information concerning PSD and services provided, visit their website at www.psdph.navy.mil.

Picking Up Your POV

Your privately-owned vehicle (POV) will be shipped to Sand Island, Honolulu. You may call the Joint Personal Property Shipping Office (JPPSO), located at the Fleet and Industrial Supply Center (FISC) complex to check on the status of your vehicle. The number for inbound POV is (808) 473-4497. Once your POV has arrived on island, take the Sand Island Access Road from Nimitz Highway. Continue until you cross 2 stop lights. Take the first left turn into the fenced roadway, which is marked with two signs: 'Matson Navigations Company' and 'Matson Autos.' Continue on this roadway, following the Autos signs.

Registering Your Vehicle In Hawaii

All automobiles used on the highway must be registered with the State of Hawaii within 10 days of arrival. If you are not a legal resident of Hawaii, you may keep your original vehicle license plates, but you must register your car to get a Hawaii vehicle permit sticker. To complete vehicle registration, you are required to have proof of ownership or certificate of registration; shipping documents; and a Hawaii no-fault insurance coverage. Additionally, Hawaii requires an annual safety inspection for all vehicles; valid identifica-

■ New BEQ at Pearl Harbor.

tion card; and Non-resident Certificate Form DSL50 (to be signed by your commanding officer verifying your home of record as reflected in your service record).

Driver's License

Driver's licenses issued by your home state are generally valid in Hawaii until they expire. If you wish to apply for a Hawaii driver's license, you must present your Social Security card and current out-of-state license. If your out-of-state license has expired, you will be required to complete an application form, take and pass a written examination, eye test, and a road test. Your original license will not be returned.

Base Decal

To drive your vehicle on a military installation, you must obtain a military base decal by registering at the Pass and Identification Office of the base to which you are assigned. When registering, you will need your Military ID card, registration of vehicle with the State of Hawaii or a state tax exemption certificate, valid driver's license, as appropriate for automobile, motorcycle or motor scooter, Hawaii safety check receipt; and proof of Hawaii no-fault insurance. Pass and ID is located on the corner of the Nimitz and Center Drive, just before the Nimitz Gate entrance to Pearl Harbor.

Published by MARCOA Publishing, Inc., a private firm in no way connected with the U.S. Navy, under exclusive written contract with Naval Bases of Oahu. This commercial enterprise map is an authorized publication for members of the U.S. military services. Contents of the Naval Bases of Oahu map are not necessarily the official views of, or endorsed by the U.S. Government, the Department of Defense, or the Department of the Navy. The appearance of advertising in this publication including inserts or supplements, does not constitute endorsement by the Department of Defense, the Department of the Navy or MARCOA Publishing, Inc., of the products or services advertised. Everything advertised in this publication shall be made available for purchase, use or patronage without regard to race, color, religion, sex, national origin, age, marital status, physical or mental handicap, political affiliation, or any other nonmerit or merit factor of the purchaser, user or patron. Editorial content is edited, prepared and provided by the Public Affairs Office of Naval Bases of Oahu.
